

# Trade-In offer for your 2000 Series for a New 5000 Series Analyser

## WHAT'S CHANGED?

### 2000 SERIES ANALYSERS V THE NEW 5000 SERIES

- Still safe, reliable and accurate – ATEX, IECEx – for your safety, MCERTS, ISO17025 certifications – for repeatability and accuracy
- Faster and more accurate readings on CH<sub>4</sub>, CO<sub>2</sub>, O<sub>2</sub> – time saving on site
- Choose up to 6 gases including up to 10,000ppm H<sub>2</sub>S – more flexibility on site
- More flexible set up to suit your application – more IDs, more pressure readings, more alarm options
- Download via Bluetooth – cost saving on download lead
- On board help functions for new users
- Update your analyser firmware remotely – time saving and access to new features as developed

## THE DEAL

Geotech has 2 trade-in deals on offer so you can choose the one that best suits your needs:

1. \$800 off the price of any new 5000 series analyser

or

2. The bundle deal worth over \$850

- a. Get 1 x H<sub>2</sub>S cell included free of charge in your new analyser
- b. Free pack of 10 water filters
- c. Free soft carry case

## THE TERMS

How do you qualify for one of these deals, simply:

- Trade in 1 x 2000 series analyser (manufactured between 2007 and 2011) against 1 new 5000 series analyser
- Send Thermo Fisher Scientific a Purchase Order before 31st of May 2017. This can be an advanced PO to secure the deal, but you can trade in your analysers up to 12 months after the date we receive the PO
- Arrange a free collection of your old analyser, a maximum of 14 days after receiving your new 5000 series analyser
- If the analyser is not received in this period, you will be invoiced the full list price of the new analyser
